Your Construction Solution

About US

ML began as a small family run business established in the 1930's. Over the years the business has developed to establish a reputation for providing a variety of constructions solutions and customer service.

Our team is built with experienced and professional members to meet the demands of the industry and our customers.

Our vision

Always wanting to provide our customers with solutions for all their building needs, we place our efforts in developing and offering keys services and products to our customers.

Our success depends on the needs and demands of our customers. We make it our priority to offer our customers the best and most efficient experience.

Customer Service

Remain informed and confident through every step of your project, and join our long line of satisfied customers.

Credible & Respected

Our business is built on long term relationships that maximize your profitability.

One Stop Shop

Offering all the necessary products and services to our customers, in one quick call
